2021 Traffic Information by Race, Age And Gender

The traffic information presented here relates to the traffic citations that were issued to juveniles for 2021 and are broken down by age, race, and gender. Age simply refers to the age of the child at the time of the referral to Juvenile Court. When looking at Race, this information is gathered from the child by self-identification. It should be noted that Juvenile Court only differentiates three (3) different racial types – Black, White, and Other. The Other category refers to any race other than Black or White, and includes children who identify as Hispanic. At this time, Juvenile Court only identifies two (2) genders; male and female.
